

CSBA Sample County Board Policy

Philosophy-Goals-Objectives and Comprehensive Plans

BP 0420.4(a)

CHARTER SCHOOLS

The County Board of Education believes that charter schools provide one opportunity to implement school-level reform and to support innovations which improve student learning. Charter schools shall operate under the provisions of this policy, their respective charters, applicable state and federal laws, and relevant regulations of the County Office of Education.

The County Board shall consider any petition submitted for the establishment of a charter school if:

1. The charter school will serve students for whom the County Office would otherwise be responsible for providing direct education and related services (Education Code 47605.5)
2. The charter school will operate as a countywide charter at one or more sites within the geographic boundaries of the county, to provide instructional services not generally provided by the County Office (Education Code 47605.6)

In addition to other requirements, a countywide charter petition may only be approved if the County Board finds that the educational services to be provided by the charter school will offer services to a student population that will benefit from those services and that cannot be served as well by a charter school that operates in only one school district in the county. (Education Code 47605.6)

3. The charter petition was denied by the governing board of a school district within the County Board's jurisdiction and the petition is submitted to the County Board within 180 calendar days of the school district governing board's denial (Education Code 47605; 5 CCR 11967)

The County Board shall ensure that every approved charter contains adequate processes and measures for monitoring and holding the charter school accountable for fulfilling the terms of its charter and for complying with all applicable laws. Such processes and measures shall include fiscal accountability systems, multiple measures for evaluating the educational program, and inspections and observations of any part of the charter school.

All meetings of the County Board at which the granting, revocation, appeal, or renewal of a charter petition is to be discussed shall be subject to the state open meeting laws. (Education Code 47608)

CHARTER SCHOOLS (continued)

Charter Approval/Denial

Note: Education Code 47605 and 47605.6 provide the standards and procedures for use by County Boards in considering charter petitions.

To be considered by the County Board, all charter petitions, except petitions to establish countywide charters, shall comply with the requirements of Education Code 47605. For all such charter petitions, the County Board shall: (Education Code 47605)

1. Within 30 days of receiving the charter petition, hold a public hearing to determine the level of support for the petition by parents/guardians, teachers and other employees of the district or County Office, as applicable

Note: Education Code 47605 requires County Boards to grant or deny charter petitions within 60 days of receiving them, or within 90 days with the consent of both parties. Education Code 47605 also provides that if the County Board fails to act within 120 days of its receipt of a charter petition that was denied by a school district governing board, the petitioners may seek judicial review of the district board's decision to deny the petition.

2. Within 60 days of receiving the petition, or within 90 days with the consent of both parties, either grant or deny the charter petition

To be considered by the County Board, a petition to establish a countywide charter school shall comply with the requirements of Education Code 47605.6. For a countywide charter petition, the County Board shall: (Education Code 47605.6)

1. Within 60 days of receiving the charter petition, hold a public hearing to determine the level of support for the petition by teachers, parents/guardians, and the school district(s) where the charter school will be located
2. Within 90 days of receiving the petition, or within 120 days with the consent of both parties, either grant or deny the charter petition

All charters approved by the County Board shall be for a specified term of no more than five years. (Education Code 47607)

The County Board shall grant the charter if doing so is consistent with sound educational practice. A charter petition shall be denied only if: (Education Code 47602, 47605, 47605.6)

1. Granting the petition would authorize the conversion of a private school to a charter school.

CHARTER SCHOOLS (continued)

2. The County Board makes written factual findings specific to the petition under review that at least one of the following conditions exists:
 - a. The charter school presents an unsound educational program for the students to be enrolled in the charter school.
 - b. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
 - c. The petition does not contain the number of signatures required by Education Code 47605(a), or if the petition is one to establish a countywide charter, Education Code 47605.6(a).
 - d. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d), or if the petition is one to establish a countywide charter, Education Code 47605.6(e).
 - e. The petition does not contain reasonably comprehensive descriptions of the charter provisions stated in Education Code 47605(b), or if the petition is one to establish a countywide charter, Education Code 47605.6(b).

Note: In addition to items #1 and #2 above, a countywide charter petition may be denied if any of the conditions stated in item #3 exists.
--

- 3 The petition is for the establishment of a countywide charter school pursuant to Education Code 47605.6 and one of the following conditions exists
 - a. The petition seeks to convert an existing public school to a charter school (Education Code 47605.6(a))
 - b. The petition does not contain reasonable justification for why the charter school could not be established by petition to a school district pursuant to Education Code 47605. (Education Code 47605.6(b))

The approval or denial of a charter petition shall not be controlled by collective bargaining agreements nor subject to review or regulation by the Public Employment Relations Board. (Education Code 47611.5)

In granting charter petitions, the County Board shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to academically low-achieving students according to standards established by the California Department of Education under Education Code 54032. (Education Code 47605, 47605.6)

CHARTER SCHOOLS (continued)

Upon County Board approval of any charter petition, the petitioners shall provide written notice of the approval, including a copy of the petition, to the Superintendent of Public Instruction and the State Board of Education. (Education Code 47605, 47605.6)

In addition, whenever the County Board approves a countywide charter petition, the petitioners shall provide written notice of the approval, including a copy of the petition, to the school districts within the county. (Education Code 47605.6)

Except for a countywide charter, any charter petition denied by the County Board may be submitted to the State Board of Education within 180 days of the denial. (Education Code 47605.6; 5 CCR 11967)

Revision

Material revisions to the provisions of any charter granted by the County Board may be made only with County Board approval and shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605, or if the petition is one to establish a countywide charter, Education Code 47605.6. (Education Code 47605.6, 47607)

Subsequent to its initial approval, any charter school seeking to establish an additional site within the geographic boundaries of the County Board shall request a material revision of its charter. (Education Code 47605, 47605.6)

Note: Though not required, County Boards should use the same procedures and timelines that are used for petition approval when approving revisions, since material revisions involve substantive changes to charter provisions and/or charter school programs.

County Boards that wish to adopt different procedures and/or timelines may revise the following **optional** paragraph.

In considering material revisions to the provisions of any charter granted by the County Board, applicable procedures stated above under “Charter Approval/Denial” shall be used.

Renewal

Note: The following **optional** timelines are suggested for considering applications for renewal of charters initially granted by the County Board. County Boards may revise the timelines as desired.

Any charter school whose charter was initially granted by the County Board shall submit a written application to the County Board, at least 120 days before the expiration date of the charter. At least 90 days before the expiration date of the charter, the County Board shall

CHARTER SCHOOLS (continued)

conduct a public hearing to receive input on whether or not to extend the charter. At least 60 days before the expiration date, the County Board shall either grant or deny the request for renewal.

Note: A charter school whose renewal application was denied by a school district governing board may submit the denied renewal application to the County Board. Education Code 47607.5 makes the procedures stated in Education Code 47605(j) for review of charter petitions applicable to such denied renewal applications.

Any charter school whose application for renewal was denied by the governing board of a school district may submit the renewal application to the County Board using applicable procedures stated above under “Charter Approval/Denial.” (Education Code 47607.5)

Note: Education Code 47607 provides that renewals shall be governed by the same standards and criteria as the initial approval of charters, as specified in Education Code 47605. In addition, AB 1137 (Ch. 892, Statutes of 2003) amended Education Code 47607 to require charter schools to meet at least one of several academic performance criteria as a prerequisite to receiving a charter renewal.

All charter renewals shall be subject to the same standards and criteria that apply to new charter petitions. To receive a charter renewal, a charter school must also have been in operation for four years must meet at least one of the following criteria: (Education Code 47607)

1. Attain its Academic Performance Index (API) growth target in the prior year or in two of the last three years, or in the aggregate for the prior three years
2. Rank in deciles 4-10 on the API in the prior year or in two of the last three years
3. Rank in deciles 4-10 on the API for a demographically comparable school in the prior year or in two of the last three years
4. Achieve an academic performance that is at least equal to the academic performance of the public schools that the charter school students would otherwise have been required to attend, as well as the academic performance of schools within the district where the charter school is located, taking into account the composition of the student population that is served at the charter school

Any charter renewal granted by the County Board shall be for a period of five years. (Education Code 47607)

Except for countywide charters, any renewal application denied by the County Board may be submitted to the State Board of Education. (Education Code 47607.5, 47605.6)

CHARTER SCHOOLS (continued)

Revocation

The County Board may revoke any charter that it granted whenever it finds that the charter school has done any of the following: (Education Code 47607)

1. Committed a material violation of any of the conditions, standards or procedures set forth in the charter
2. Failed to meet or pursue any of the student outcomes identified in the charter
3. Failed to meet generally accepted accounting principles or engaged in fiscal mismanagement
4. Violated any provision of law

Prior to revocation, the County Board shall notify the charter school of the violation and give the school a reasonable opportunity to correct the violation unless the County Board determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the students. (Education Code 47607)

Note: Education Code 47604.5 authorizes the State Board of Education to take action, including the revocation of the charter, whether or not it is the chartering authority, if it makes certain findings relating to gross financial mismanagement, illegal or improper use of funds, or substantial and sustained departure from measurably successful practice.
--

Waivers

Note: Education Code 33054 provides that, if the County Board fails to hold the hearing specified below, the charter school would then be permitted to hold the hearing prior to submitting the waiver request directly to the State Board of Education.
--

If a County Board-approved charter school submits an application to the County Board for a waiver of any Education Code provisions, the County Board shall hold a public hearing on the waiver request no later than 90 days following receipt of the request. (Education Code 33054)

The County Board shall subsequently prepare a summary of the public hearing to be forwarded with the waiver request to the State Board of Education. If the County Board recommends against approval of the waiver request, it shall set forth the reasons for its disapproval in written documentation that shall be forwarded to the State Board of Education. (Education Code 33054)

CHARTER SCHOOLS (continued)

Financial Relationship

The County Board shall permit a charter school approved by it to use, at no cost, facilities not currently being used by the County Office for instructional or administrative purposes, or not historically being used for rental purposes, provided that the charter school shall be responsible for reasonable maintenance of those facilities. (Education Code 47614)

The County Board may charge for the actual costs of supervisory oversight of a charter school not to exceed one percent of the charter school's revenue. If the County Board is able to provide substantially rent-free facilities to the charter school, the County Board may charge actual costs up to three percent of the charter school's revenue for supervisory oversight. (Education Code 47613)

The charter school may separately purchase administrative or other services from the County Board or any other source. (Education Code 47613)

When a charter school established under a charter approved by the County Board so requests, the County Superintendent of Schools or designee shall create and submit, on behalf of the charter school, any reports required by the State Teachers' Retirement System and the Public Employees' Retirement System. The charter school may be charged for the actual costs of the reporting services, but shall not be required to purchase payroll processing services from the County Office as a condition for creating and submitting these reports. (Education Code 47611.3)
