STEP

SCHOOLS TARGETED
ENERGY PROGRAM

A NEW STEP FORWARD

- SCHOOL EFFICIENCY MEASURES
- TARGETED TO PROVIDE MAXIMUM SAVINGS
- ENERGY RETROFIT FINANCING
- PROVIDES COMPREHENSIVE EXECUTION

ENERGY EFFICIENCY MEASURES CAN SAVE YOUR SCHOOL DISTRICT OR COUNTY OFFICE OF EDUCATION MONEY AND RESOURCES.

In addition to the significant financial benefit, participating school districts and county offices of education can expect more comfortable learning environments that enhance education, reduce greenhouse gas emissions and establish community support for environmental and social responsibility.

STEP OVERVIEW

▶ **COST EFFECTIVE**

We help you secure funding through a combination of incentive rebates, low-cost bonds and potential grants. Many participants find they are cash-flow positive upon the completion of the project.

▶ **ENERGY RETROFITTING AND REPLACEMENT**

Participants will receive a preliminary assessment to evaluate the most cost-effective improvements.

▶ **TARGETED EFFICIENCY MEASURES**

Selected measures provide significant energy savings, environmental benefits and may qualify your district or county office for incentives and grant funding.

▶ **TURNKEY PROGRAM**

CSBA builds strong partnerships to help you execute successful energy efficiency programs that include energy analysis, project development, engineering, project management and funding.
